

Master of Business Administration Accelerated Degree Program (ADP) Information for Marquette Undergraduate Students

Overview Information: The Master of Business Administration Accelerated Degree Program (MBA ADP) enables students to complete a MBA within one year following undergraduate studies. Within the MBA ADP, undergraduate students complete (1) undergraduate courses to fulfill MBA course waivers and (2) up to 9 credits of graduate courses that transfer to the MBA program. These combined efficiency enable students to complete the MBA program within one additional calendar year after graduation (summer, fall, spring) - saving you time and money - over \$25,000!

If you are interested in the MBA ADP, contact your academic advisor to discuss academic planning. Interested students should (1) work with their undergraduate advisor to plan for MBA prerequisites and (2) contact the Graduate School of Management (gsm@marquette.edu, 414.288.7145) to discuss questions about the MBA curriculum and/or graduate course registration.

Advising & Course Completion Timing: If you are interested in pursuing the MBA ADP, students are encouraged to establish a plan with your advisor within your freshman year or fall of sophomore year. After meeting with the advisor associated with your undergraduate college/major, reach out to gsm@marquette.edu to request a MBA ADP advising meeting.

Freshman, Sophomore & Junior Years: Complete courses that will result in MBA course waivers (step 1 below).

Junior (possibly) & Senior Years: Apply to the MBA ADP and complete graduate-level coursework (steps 2 and 3 below).

Application Timing: Students may apply to the MBA ADP within the junior year and are encouraged to apply by the fall of senior year at latest as access to graduate-level courses is prioritized for students accepted to master's degree programs. Students will need to earn a B or better in prerequisite and graduate-level coursework to maintain their MBA acceptance.

Steps to the MBA ADP

Step 1: Complete courses that will result in MBA course waivers (10.5 graduate credits).

(Marketing) and 6090 (Supply Chain). 3-4 cr. Calculus (1 course): , MBA
