

Departmental Colloquium Electrical and Computer Engineering

Tuesday, September 10, 2024
2:00 pm 3:00 pm
Olin 202

Reception to follow in Olin 204
3:00 pm – 3:30 pm

Dr. Ahmad Alzahrani

Fulbright Visiting Scholar, Marquette University
Associate Professor of Electrical and Computer Engineering,
Najran University

Developing an advanced interleaved boost converter with high voltage gain and a non-inverting output is critical for enhancing the efficiency and performance of renewable energy systems. Renewable energy
