

First Destination Post-Graduation Outcomes by College:

The information below shows the post

The table below shows gross starting salaries of full-time, non-temporary employed graduates by college. Respondents in the College of Professional Studies are excluded due to a small number of respondents. The salary numbers exclude those active in the military, those in a post-graduation stipend-paid service position, those in a temporary position, and those employed as Medical Scribes. About 68 percent of full-time employed respondents reported salary information on the survey (compared with 69% in 2016-2017 and 67% in 2015-16).
